

OVERVIEW MACHINERY

ENGINEERING

6 CAD-CAM stations (Solid Edge/Mastercam), compatible with Auto-Cad and other construction parts (DWG, DXF, IGES, ACIS, VDAFS, IDEAS, ME10, RHINO CEROS and various other files can be exchanged).

MILLING

2 Milling machines Avia
1 CNC Milling machine center with System 3R Workpal Compact robot.
DMG DMU 50 Evolution Universal 5-axled
2 CNC Hermle B300 universal 5-axled
1 CNC DMG DMC 100Vhi-Dyn universal 3-axled
1 CNC DMC 70V IVhi-Dyn vertical 3-axled
1 CNC DMC 105V linear vertical 3-axled
1 CNC DMC HSC 75 vertical 3-axled

LATHE

1 CNC OKUMA LB15II-M
1 Weiler
1 CNC OKUMA LB300-M

GRINDING

3 Profile grinding machines Jung HF50RD
1 Surface grinding machine Okamoto 105 DXV
1 Cylindrical grinding machine Kellenberger 1000u
1 Cylindrical grinding machine Elb rotary, 60 SPS-NK
1 Co-ordination grinding machine Hauser

WIRE EDM

1 Fanuc 11a
1 Mitsubishi FA20VS

1 Hurco, 580 EDM
1 CNC Agie, Integral 2
1 CNC Sodick type AQ 35LP1

1 CNC Starter hole wire-machine APos 600 P

REMAINING

1 Engraving-copying machine Deckel
4-Pillar Proofpress AGEO,
1 3D Measuring machine Brown & Sharpe, Scirocco 10.15.09.NT

Methodical welding under which Micro-plasma-welding, laser-welding and TIG-welding.

Complete equipped toolmaker stations with modern polishing equipment and some little machines.

Tesa Micro Hite high indicator
Mitutoyo measure projector
Wolpert hardness gauge,
Werth measure projector
Zeiss 100/50 measure microscope
Hommel roughness meter

VDB Dollwin is complete air-conditioned with temperature 20°C..

VDB Dollwin BV
Ambachtsstraat 41
Industrieterrein Vèeneslat
7102 DW Winterswijk
